

# FINANCING SUSTAINABILITY For Local Businesses

**kya** sustainability studio

A group of people are gathered around, holding up several white cups filled with colorful shaved ice (bingsu). The cups contain various flavors, including rainbow, blue, orange, and pink. The people's hands and arms are visible, some wearing bracelets and watches. The background is blurred, suggesting an outdoor setting. The text "PARTNERSHIPS PROGRAMS SERVICES" is overlaid in large, bold, orange letters across the center of the image.

**Made in Hawaii:  
The Comeback**

In this week's issue, the *Weekly* celebrates the Made in Hawaii label, one that nearly disappeared just a few decades ago. On the cover, you'll find the Primo Brewing & Malting Company, a 1913 image of workers who once believed that their beer would make Milwaukee jealous.

 WINE  
 12.18.2011  
 Organic

**Body:** Full  
**Varietal:** Pinotische blend  
**Region:** Priorat, Spain  
**Notes:** Saturated aromas of red fruits, rose and minerals with a hint of blood orange. Sharply defined and linear, offering spicy red berry flavors and a strong undercurrent of anise minerals. A note of cracked pepper adds vibrancy to the long, penetrating finish. This is the most graceful version of this bottling I've tasted.
