- Insulation on ducts and water pipes.
- Weather-stripping.
- Energy efficient light bulbs.

Kitchen Area Initiatives

- Turn off equipment when not in use.
- Select energy efficient equipment.
- Follow Best management practices for kitchens.
- Recycle.
- Large hood filters.
- Rubber mats.

Conclusion

The Wailea Beach Marriott is not only committed to providing sustainable accommodations to guests and employees, but is very involved with the community. They have built a Lo'i for community members and guests to enjoy and learn about, taken part in highway clean-ups and beach clean-ups, and are also participants in Habitat for Humanity and One Soldier.com programs on Maui.
