SHORELINE SETBACK VARIANCE

SOURCE OF LEGAL AUTHORITY: Chapter 205, Hawaii Revised Statutes, as amended, and Title MC-12, Subtitle 02, Chapter 5, Rules of the Maui Planning Commission relating to the Shoreline Area of the Islands of Kahoolawe, Lanai, and Maui.

INFORMATIONAL SHEET

A variance is required for all proposed structures, facilities, construction or any such activities which are prohibited within the shoreline setback area. (The shoreline setback is not less than 25 feet and not more than one hundred fifty (150) feet inland from the upper reaches of the wash of waves other than storm and seismic waves, at high tide during the season of the year in which the highest wash of the waves occurs, usually evidenced by the edge of vegetation growth, or the upper limit of debris left by wash of the waves.) This will protect the public's right to utilize and enjoy the shoreline to the fullest extent possible; to preserve the natural shoreline environment with compatible man-made features, and to protect the natural shoreline processes.

Upon submittal of a Shoreline Setback Variance Application, it will be sent to the Central Coordinating Agency, Department of Public Works (DSA) and reviewed for completeness.

Upon certification by the CCA, the application will be transmitted to the various reviewing agencies provided the information submitted is adequate and additional information is not required. Upon receipt of all comments from the reviewing agencies a hearing will be scheduled with the Maui Planning Commission to review and act upon the request.

PLANNING DEPARTMENT

- Referral to other agencies for comments.
- Publication of Hearing Notice.
- Preparation of a report

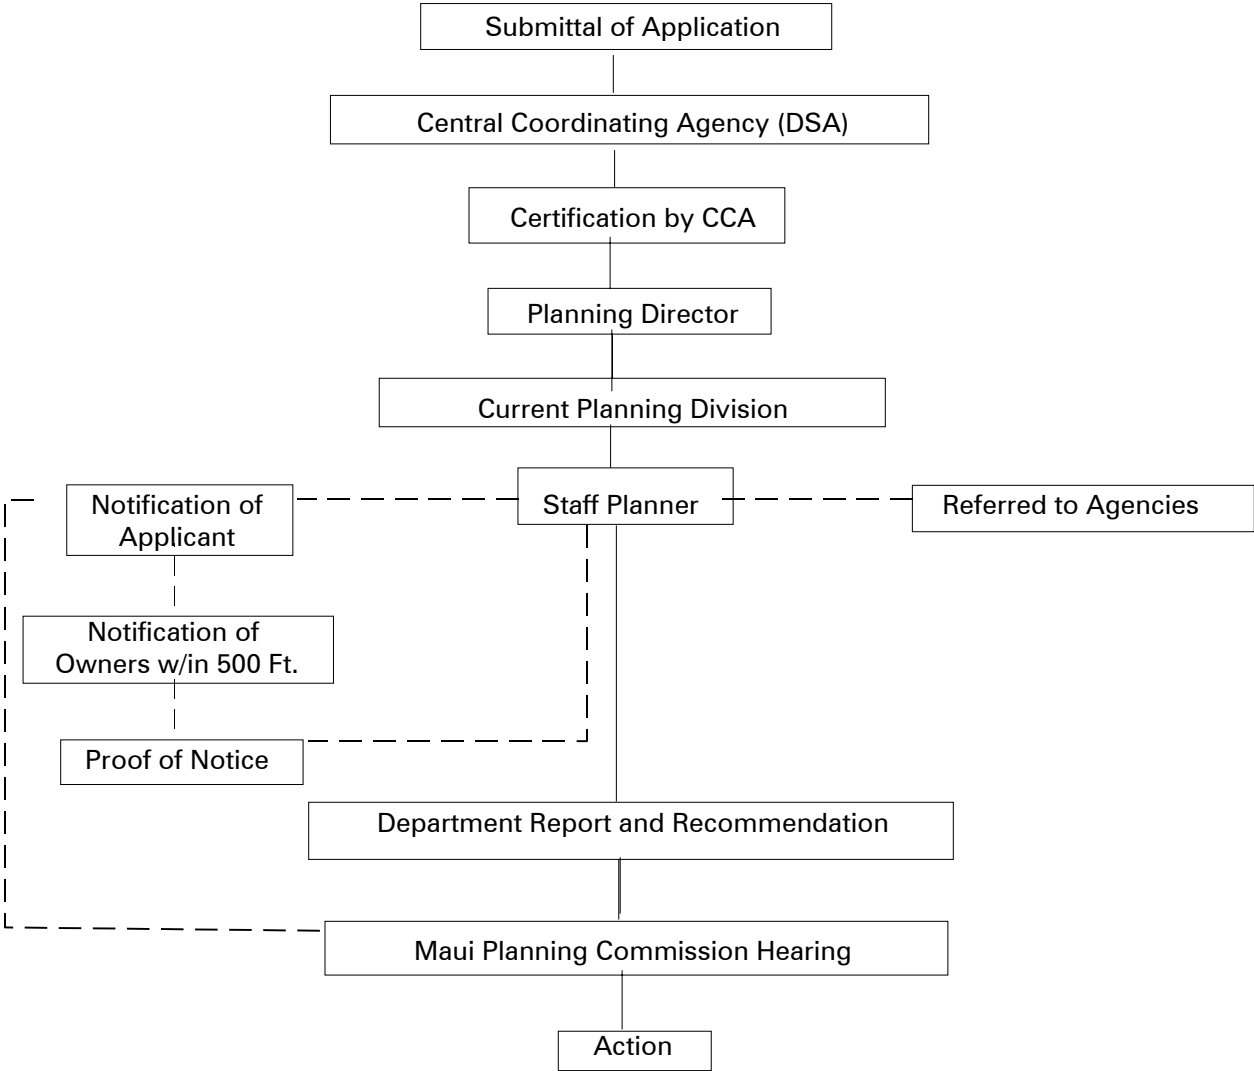

APPLICANT

- Notify adjacent owners and recorded lessees of the hearing date.
- Proof of notice will be mailed back to the Department at least 10 days prior to the hearing date.

Please note that prior to scheduling a hearing, full compliance with Chapter 200 of the State Department of Health, Environmental Impact Rules, is required.
