ALA MOANA HOTEL
Honolulu's Landmark Hotel
Background:
Ala Moana Hotel, Honolulu’s landmark hotel, offers contemporary hotel accommodations for business and leisure travelers. Conveniently situated between Hawaii Convention Center and the exceptional retailers at Ala Moana Center, this upscale Honolulu hotel features Royal Garden, The Signature Prime Steak & Seafood, Plantation Café and Starbucks, as well as meeting and banquet facilities, the energetic Rumours nightclub, and expansive pool deck, sauna and fitness center.

While sustainability has been important to Ala Moana Hotel for many years, the property has progressively implemented a “green” approach to nearly all aspects of its business. Through day-to-day operations, Ala Moana Hotel has helped to conserve natural resources, minimize waste and encourage recycling efforts.

Reduction of Energy Usage:
- Energy consumption is closely tracked and plotted
- Commercial energy assessment done
- Installation of AeroVironment electric vehicle (EV) charging stations at the hotel
- Low energy florescent lights are installed property-wide
- Daylight sensors, occupancy sensors and timers in select common areas
- LED lighting is used in public areas and meeting rooms
- Minimum twice per year maintenance on HVAC and refrigeration system is performed
- Hot water pipes and storage tanks are insulated
- Motion detectors were installed in guestrooms to help reduce air conditioning usage
- Timers for the air conditioner were installed in a number of areas
- Updated air conditioning system in parts of the hotel that will be more energy efficient
- In 2015 the property added of 5 energy efficient air handlers
- Plans in motion to install an energy efficient chiller, cooling tower and air handlers over the next two years
- Offices have sensors whereby lights turn off if there is no movement.

Reduction of Water Usage:
- All guestrooms feature low-flow toilets
- Landscape sprinklers are only used during non-daylight hours
- Dishwashing equipment was updated to promote energy and water savings
- Dishwashers are equipped with heat recovery units that take the heat from the drying cycle to pre heat the incoming water to 120 degrees. In addition, these machines recycle the water from the rinse cycle to the wash cycle, which saves on the water usage.
- “Protect the Environment” cards give guests the option to opt out of having the bedding and towels changed daily
- Water provided on request only in restaurant outlets.

Solid Waste and Recycling Effort:
- A recycling program for glass, aluminum and cardboard is in place
- All servable leftover foods are recycled
- Recyclable laser and copier toner cartridges are used
Office paper cycle is in place: paper is purchased from renewable source and printed on both sides, when appropriate, then recycled or used for note pads. Paper recycle containers have been provided to all offices.

Priority to order marketing materials made of recycled products and are eco-friendly

A food waste composting program is in place

Renewable and compostable containers are used in food outlets

Office paper cycle is in place: paper is purchased from renewable source and printed on both sides, when appropriate, then recycled or used for note pads. Paper recycle containers have been provided to all offices.

Priority to order marketing materials made of recycled products and are eco-friendly

Minimal printing of collateral materials in favor of electronic files.

Pollution Prevention Effort:

A salt water system is used in the swimming pool, minimizing the use of chemicals

No petroleum based cleaning products are used in the Housekeeping Department

Biological (not chemical) additives are used for grease interceptors

Donation to Charitable Organization:

Partially used amenity bottles

Unneeded furniture, supplies, electronics and scrap material

Community Involvement and Special Activities:

Participation in the Kaneohe MCAS Earth Day Expo which raises awareness for and the level of understanding of sustainability and conservation

As a Hawaii Lodging & Tourism Association HEPP (Hotel Education & Partnership Program) participant, Ala Moana Hotel partners with Kaimuki High School to provide educational opportunities for students

Sponsorship of a scholarship for a high school student through the Hawaii Lodging & Tourism and Department of Education Citizenship Awards

Mentorship of junior college and university marketing students, providing guidance and assistance on assignments, projects and papers

Conduct front/back of the house tours for students and provide information about occupations at hotels
