COMMENTS

I am a senior citizen who live in the island for 27 years. I love living here and I am against the wind mill project because my son is a fisherman and hunter. I am 84 years old now and I do feel that the fish and dear meat are the source of food that made me healthy all living happily. I love cooking the beauty of our islands and I don't support to see wind mills planted on our island. Please hear my plea. A big NO!!
