## COMMENTS

I am a young person & a student from LHES I am very concern about builting a wind mill here in Lanai, I say no to wind mill because It's not good for us here in Lanai because if you put this # here in Lanai what about the dear's the fish it will affect our enviroment. and I/we wont let you destroy our land. Lanai is a very beautiful place and if you put that It going to affect us, think about our future-- I dont want you guys to destroy our land. If there is no fish here in Lanai where would we get our food?? Some people are expecting to catch a fish to feed their family.. And what will happen to our city if you buclld that It will be noisy as we hear the noise coming to us-- its okay if you buield this but just a little bitt only and the power must come to us not in Oahu, Well they should build it in oahu not over here and dont destroy our land. we dont need a money all we need is peace. and dont put this wind mill here in Lanai Tnx.
