Hawai'i Interisland Renewable Energy Program: Wind

Comments must be postmarked by March 1, 2011.

Thank you for participating in the public meeting process for the Hawai'i Interisland Renewable Energy Program: Wind - Environmental Impact Statement. We invite you to use this form to provide your public comments for consideration as we prepare for the Draft Environmental Impact Statement (DEIS).

When providing your comments, please be as specific as possible. Also, please write clearly so we can read your comments. If you complete this form at today's meeting, you can drop it in the comment box provided. If you do not wish to complete your comments during this meeting, this form is designed so you can take it home, fill it out, and easily mail it in (see the other side for directions). Your input into this scoping process is needed and appreciated. If you wish to be notified of the availability of the Draft EIS, please check here [] and provide your name, mailing address and/or e-mail address below.

we are the next generation of the island of Lanai. we will be living here in the future and we don't want those turbines on our island. we don't want to build turbines here because we aren't even getting any power if that power will be only provided with the power we don't want turbines because it's going to take up a lot of land. we don't want privileged or limited land just because of all those turbines. we want to have our land the way it is now without the turbines and we like to adventure and explore our island. if we have turbines here, it's going to take away our robbies and the different places to go. we want get to go fishing, surfing, hiking, going to the beaches, and going to different places to relax. we don't want erosion in our land because it will go in the ocean and make our ocean dirty and scare the sea animals away. we don't want our future island to be built with those turbines!
