Hawai'i Interisland Renewable Energy Program: Wind

Comments must be postmarked by March 1, 2011.

Thank you for participating in the public meeting process for the Hawai'i Interisland Renewable Energy Program: Wind - Environmental Impact Statement. We invite you to use this form to provide your public comments for consideration as we prepare for the Draft Environmental Impact Statement (DEIS).

When providing your comments, please be as specific as possible. Also, please write clearly so we can read your comments. If you complete this form at today's meeting, you can drop it in the comment box provided. If you do not wish to complete your comments during this meeting, this form is designed so you can take it home, fill it out, and easily mail it in (see the other side for directions). Your input into this scoping process is needed and appreciated. If you wish to be notified of the availability of the Draft EIS, please check here [] and provide your name, mailing address and/or e-mail address below.

COMMENTS

I'm a 48 yrs old and a residence of Lanai city for 20 years. I love Lanai the way it looks. I enjoyed the natural beauty of it, the scenery and the enticing horizon where you can see the ridge of all the Hawaiian islands. Lanai is the only island where you can see the other islands. Hence, Lanai is called the "heart of Hawaii".

As a concerned citizen and a residence of Lanai I say 100% NO to the wind mill project. Please look closely to the bad impact it will create to the island - not just focusing to \$ revenue that Cooke can get. We have to be sensitive about the impact like - reflection on how the people survive by eliminating the hunting and fishing part of the island by putting up 200 turbines, the effect of the underground cable to marine life, the turbines to our bird sanctuaries, the 200 concrete foundations for the turbines that will possibly create erosion, the →

Ways to provide written scoping comments:

1. Complete this form today and leave it and/or other written comments in the comment box provided.
2. Mail this form and/or other comments, postmarked by March 1, 2011, to the address provided below.
3. Fax this form and/or other comments to: (808) 586-2536 by March 1, 2011.
4. Submit comments through the program website at: www.hirep-wind.com by March 1, 2011
5. Send your comments by e-mail to: hirep@dbedt.hawaii.gov by March 1, 2011

If you wish to mail this form, please fold in thirds, make sure the address is showing, tape closed, and affix postage. Thank you!

If needed, and as it relates to your comments, mark your area of concern on the map above.

Continuation:

→ remorse and respect to our Hawaiian
Gods / ancestry; the native ^{Hawaiian} plants, wild
life refuge and the archeological
history of the island specifically that
location where the wind mill project
will be established. I can't imagine
seeing 200 turbines occupying 1/3 of
the island. The rule of the military and
other state programs is really ^{badly} needed.
They should step in and give their
best input; not to be blinded about
(the) money but to look closer to
the damaging effect that this
project could affect the people
and our island itself, physically,
emotionally, ^{healthwise also,} mentally and financially.

My family and I together with the
other people that are concerned will
be very happy enough if you can
represent ~~of~~ our voices to all EIS,
you are our hope, thank you for
being there for us. May our Almighty
creator empower you all to study,
research and make the most approp:
decision to pursue.

Again, thank you very much!!
Sincerely,
Wilma Keop
