Hawai'i Interisland Renewable Energy Program: Wind

Comments must be postmarked by March 1, 2011.

Thank you for participating in the public meeting process for the Hawai'i Interisland Renewable Energy Program: Wind - Environmental Impact Statement. We invite you to use this form to provide your public comments for consideration as we prepare for the Draft Environmental Impact Statement (DEIS).

When providing your comments, please be as specific as possible. Also, please write clearly so we can read your comments. If you complete this form at today's meeting, you can drop it in the comment box provided. If you do not wish to complete your comments during this meeting, this form is designed so you can take it home, fill it out, and easily mail it in (see the other side for directions). Your input into this scoping process is needed and appreciated. If you wish to be notified of the availability of the Draft EIS, please check here [] and provide your name, mailing address and/or e-mail address below.

COMMENTS

The Hawai'i Interisland Renewable Program will have a huge impact on the future of our island of Lāna'i. A lot of the land that they will put the turbines, are key locations for hunting. Hunting is one of the main ways that we get food. A lot of people who get laid off turned to hunting to get food for their families. The turbines will also cut us off from some really good fishing spots.

The turbines will also cause a lot of erosion and noise. The erosion will cause a lot of loose dirt that will end up washing into the sea. The noise will be very loud. It will be loud because it is pretty close to town because the town is small.
