Hawai'i Interisland Renewable Energy Program: Wind

Comments must be postmarked by March 1, 2011.

Thank you for participating in the public meeting process for the Hawai'i Interisland Renewable Energy Program: Wind - Environmental Impact Statement. We invite you to use this form to provide your public comments for consideration as we prepare for the Draft Environmental Impact Statement (DEIS).

When providing your comments, please be as specific as possible. Also, please write clearly so we can read your comments. If you complete this form at today's meeting, you can drop it in the comment box provided. If you do not wish to complete your comments during this meeting, this form is designed so you can take it home, fill it out, and easily mail it in (see the other side for directions). Your input into this scoping process is needed and appreciated. If you wish to be notified of the availability of the Draft EIS, please check here [] and provide your name, mailing address and/or e-mail address below.

I've been living on Lanai my whole life. Living here has been the best because I am able to do the activities I love with a passion. Diving and Hunting has been my everyday lifestyle. In Lanai due to the increase in goods and gas prices, managing money was the hardest thing to do. Considering I have a family with 6 mouths to feed. Because my dad is already working multiple jobs in order to pay off our house I am in charge of food. So far it hasn't been a problem because our wonderful rich rolled Lanai grounds are home to many deers and our ocean free from all manufacturing waste home to many fishes. Because of this I am able to keep up with the food. With there turbines being built its as if you guys who was willing to have the catastrophe built on our island that it doesn't even power our island your putting families on the edge and that can result in so many disasters. So please consider building the turbines else where. dont destroy our land, our freedom, our happiness, our home.
