

Dear Sir,

My MAIN CONCERN IS THE HUNTERS, WHERE will they go? All the fishing GROUND, too, How CAN the people live on this island, when this place is where they go to get their Food?

Who is going to pay for all this, the people of this island? We, the people going to pay for this?

What will happen to sites on this land?

What will happen to the land after, when it's all paid?

God made the land, for the people to stay on the land, but they destroy the land.
