we are the next generation of this island of Lanai and there shouldn't be any windmills over here because the energy won't be used for our island. we don't want it here. if you guys are going to do you guys are going to take away our fishing and hunting grounds. Lanai won't be Lanai. keep Lanai, Lanai. Not only am I speaking for myself but all the other young fishermen and fisherwomen and all the hunters. Will Lanai be the same after all the windmills no because you guys are taking away our play grounds. the way how you guys say its only going to be 200 windmills so what this is our island and we say Aole that means no in Hawaiian. yes it is renewable energy but not for Lanai its for Oahu. stop hurting our land and Moikoi's land. its not right. there is more land on Oahu to put the windmills over there. This is gonna be worthless end the end for Lanai because our land is being taken away our activities will be gone. our kids kids won't be able to see this so no we don't want this. SO NO we don't want the windmills!!!!

Love Shella class of 2014!!!
