I encourage HIREP-Wind Project Inc. and State of Hawaii DBEDT, to obtain a clear deed " title" for the Land areas intended for the Wind Project.

Please Review the following documents:

1. The Mahele Deed, Hawaii's Land Division of 1848. Jon J. Chinen
2. Warranty Deed with covenant of Warranty.
- 3 United States Statutes At Large, Vol. 35, Part 2, Private Laws.
4. Library of Congress Law Library, Presidential Proclamations concerning public lands: January 24, 179-March 19, 1936.

Any development on sovereign lands will become property of the sovereign government.
