before the
SENATE COMMITTEE ON GOVERNMENT OPERATIONS

Via Videoconference

**SUPPORT
SB 2111
RELATING TO PUBLIC NOTICES.**

Chair Moriwaki, Vice Chair Dela Cruz, and Members of the Committee, the Hawai'i State Energy Office (HSEO) supports SB 2111, which allows government agencies to publish public notices on an official website as an alternative to a newspaper.

HSEO supports this measure to allow agencies the option of posting public notices on their official website in lieu of, or in addition to, publication in a printed daily or weekly newspaper. Electronic posting provides an expedient, efficient, and cost-effective option to reach a broad audience of interested and/or affected people.

HSEO's testimony is guided by its mission to promote energy efficiency, renewable energy, and clean transportation to help achieve a resilient, clean energy, decarbonized economy.

Thank you for the opportunity to testify.
