COMMENTS
**SB 2483, SD2, HD1
RELATING TO ENERGY.**

Chair Johanson, Vice Chair Kitagawa, and Members of the Committee, the Hawai'i State Energy Office (HSEO) offers comments on SB 2483, SD2, HD1, which requires the Hawaii Natural Energy Institute to evaluate the benefits and costs of dispatching renewable energy resources considering the context of ongoing state energy planning efforts.

HSEO will continue to work with the Hawaii Natural Energy Institute and others in the evaluation, analysis, integration, and communication of the issues, options, technologies, resources, and policies to be considered in the energy sector, which is consistent with our statutory role.

HSEO defers to the appropriate agency regarding the implementation and fiscal impacts of this measure.

Thank you for the opportunity to testify.
