#### COMMENTS

I am concern about what the land will happen when the earth or the land shakes by ~~the~~ heavy construction, it might create erruption. The hunting and fishing are affected because my children love to go hunting & fishing. I'm worried what will it do to the fishes or creatures of the sea about the big pipe that will go through Honolulu. The birds that migrate from other islands will be possibly harm.

Also the Hawaiian archaeology must be preserve and should be honored because I heard their Gods step on those places first on this Is land.

Please do all the studies and weigh them down care-fully. Thank you,  
Felipa Cabatu
