

ENERGY-EFFICIENT HOMES OF THE FUTURE

Wednesday, October 12, 2022

12:00PM - 1:30PM

Online via Zoom

FREE

Qualifies for 1.5 AIA/CES LU (HSW)

Leading edge Hawai'i builders Castle & Cooke, D.R. Horton, Gentry Homes and Stanford Carr share their expertise in delivering efficient, comfortable and affordable homes. Take advantage of their experience and support the State's transition to 100% clean energy.

Topics:

- **Cost effective strategies**
- **Design and construction considerations**
- **Non-energy impacts, such as comfort, acoustics, health**
- **Challenges, lessons learned and opportunities for improvement**
- **Incentive program participation**
