

Clean Energy Wayfinders

Apply by December 11, 2024!

Are you...

- ✦ **Passionate about supporting your community and contributing to Hawai'i's equitable clean energy transition?**
- ✦ **A natural storyteller, communicator, or problem solver?**
- ✦ **Looking to start your career in clean energy, energy education, climate change, or community engagement?**

The Clean Energy Wayfinders program may be your next step!

The Wayfinders program is designed to support Hawai'i's clean energy goals by addressing energy inequities in underserved communities across the state and helping residents participate in the clean energy transition in ways that work for them.

Clean Energy Wayfinders receive on-the-job training to help their communities navigate various energy conversations, financial and technical assistance programs, and energy planning and decision-making processes.

Apply for the Clean Energy Wayfinders program to help your community pursue a thriving energy future!

Application Instructions and Information

Visit the HSEO Clean Energy Wayfinders website at <https://energy.hawaii.gov/get-engaged/clean-energy-wayfinders/> or scan the QR code for more information.

Questions? Email Clean Energy Wayfinders Coordinator Parker Kushima at Parker.D.Kushima@hawaii.gov

The Clean Energy Wayfinders program is partnered with the Kupu 'Āina Corps.
